Learn more about riding holidays in the guide that follows.

The Ultimate Guide to Riding Holidays

The first issue you need to consider when browsing **riding holidays** is your level of riding expertise. It's important to carry out some research into the nature of the riding offered by a travel company as some holidays can be more demanding than others. For just one example, there will be plenty of differences between Western riding in the USA will offer a completely separate experience to a riding trail holiday in the South of France. However, even if you've never even taken a riding lesson, this shouldn't put you off a riding holiday. There are plenty of holiday breaks out there that cater to riders of all experience levels. Often, riding holidays can be the relaxed environment needed to learn the hobby, especially if you have reservations as to whether you want to take the long-term financial commitment of riding lessons and livery yard costs. And it's worth bearing in mind that riding holidays can be a thrilling family experience, even if levels of riding skill vary. Research specialist riding experiences abroad to uncover how courses can cater for both novices and old hands. And if you have concerns about riding a horse, riding holidays in a relaxed, breathtaking setting can often help to curb any anxieties you may have about the hobby. It's worth bearing in mind that a **riding holiday** shouldn't focus solely on the riding most ranch holidays and travel packages will also offer a variety of activities to keep everybody entertained away from the saddle. Browse around for different options, and you may find riding holidays that include other leisure activities including hiking, wine tasting, health spas, golf and sight-seeing.

Perhaps the biggest attraction of a riding holiday is the sheer amount of travelling you can pack into a short space of time. Many riding holiday are point-to-point which means you will ride along a trail, stopping off at several destinations along the way. Always staying on the move will allow you to see some of the best landscapes a country has to offer.

Regardless of the criteria you opt for when browsing [riding holidays](#), it's always a good idea to stay open minded even the most unusual travel packages can often offer the experience of a lifetime.
